## Director's Corner – August 2023

On July 10<sup>th</sup>, the Senior Center board voted 6-4 to end discussions with the Family YMCA about a possible collaboration. Meetings and discussions about this project started in September 2020, before I became director in November 2020, so this discussion has gone on for a while. I'd like to provide some context to what led to the board's decision.

Becky Barnhart  
Director

I mentioned last month that John Alexander and I met with community/business leaders in May and June to gauge interest and commitment from the community about supporting this project. Cost estimates from April 2022 projected at least \$12.4M to renovate and expand the YMCA building to house a new Senior Center. From that total, it was estimated that the two organizations would need to raise roughly \$8M.

Consultants from Donor By Design (DBD) Group led the feasibility study meetings and presented the findings to a closed meeting on July 6<sup>th</sup> that included Senior Center and YMCA boards, city and county officials. DBD estimated that we could raise between \$4.5-\$7M. DBD also emphasized what would need to happen for a successful campaign, which included up to 50% of time of my time – and the Y's CEO – for the next 18-24 months to be focused on the capital campaign. Other factors included dedicated administrative support from the Senior Center and YMCA, 100% board support and engagement, and shifts in operational responsibilities for me and the Y CEO.

Immediately following the July 6<sup>th</sup> meeting, the YMCA board voted unanimously to move forward with this project. The Senior Center board met on July 10<sup>th</sup> to discuss and go over the report since several board members weren't at the July 6<sup>th</sup> meeting.

A group of 20 seniors attended the July 10<sup>th</sup> board meeting to express their ongoing concerns about moving to the YMCA facility and sharing space. I think it's safe to say that most of our seniors have not supported this project and feel the seniors warrant a new, standalone facility that can meet current and future needs of the growing 60+/Baby Boomers demographic.

**Director's Corner, cont.**

*In the last year, I have heard from many folks at the Senior Center and in the community that felt the same. From the Board's perspective, there have been concerns about this project from the beginning; the Board has been split on just about every vote that has taken place, including the final vote of 6-4.*

*There has also been lots of misinformation, speculation, opinions, and miscommunication that have circulated throughout this process, which unfortunately contributed to the negative feelings, responses, etc. My prayer and hope is that we take the lessons learned from this process and move forward in a positive manner, with the common goal of finding the best solution for the future of the Senior Community Center and the folks we have the honor and privilege to serve, represent and befriend.*

*Since re-opening in July 2021, we have seen significant growth in attendance and participation, as well as new classes, events and activities. That's very encouraging (and fun!). We see a bright future for the Senior Center, and we hope you do, too.*

*In closing, I want to thank the Board for their commitment and dedication to the Senior Community Center, and especially to Jennifer Allen, Joe Mason and Ed Higdon, who recently stepped off the board. All three have served faithfully for many years; it would be hard to mention all their collective and individual contributions but will highlight a couple: Joe and Jennifer served as board chairs during the tenure; Jennifer most recently. She led the Senior Center through the Covid challenge and the discussions with the YMCA. Joe and Ed have been vital board members for our buildings and grounds committee. We thank them for their service and know they will continue to encourage and support us.*

*Please call or stop by my office if you have any questions or concerns or would like to know how to get more involved. We are here to be the focal point for senior adults that provides activities and classes to enhance their lives, keep them active, independent and engaged... and is simply a fun place to hang out!*

his un-timely death at the age of 22. Holly is immortalized in this mesmerizing musical memoir with performances of over 20 of his greatest hits along with Ritchie Valens' "La Bamba" and The Big Bopper's "Chantilly Lace."

The trip costs a non-refundable \$70 and will be held Wednesday, Sept. 20th – leaving the Senior Center at 8:00 a.m. and returning home around 5:00 p.m. Make sure to sign up and pay by September 11 to reserve your spot!
